

CIMEC 1st Newsletter

March 2016

Dear reader,

Welcome to the first issue of the CIMEC newsletter!

CIMEC, a two-year European project focusing on C-ITS and cities, is now well into its first year and has already made significant progress in terms of reaching out to local authorities and understanding requirements for implementing (C-)ITS.

You will read about the various local, national and European workshops that have taken place in this newsletter, as well as ongoing work in building a picture of the suppliers perspective on C-ITS.

CIMEC is cooperating closely with sister project CODECS and welcomes linking up with other C-ITS projects addressing implementation in cities.

If you wish to be informed about future CIMEC developments, please **subscribe to the newsletter** via the CIMEC website [HERE](#).

We wish you a pleasant read!

Engaging with cities on C-ITS

CIMEC-CODECS C-ITS AND CITIES WORKSHOP - LONDON

The first meeting of the CIMEC-CODECS City Pool took place on 3 March 2016 in London. The main points of discussion were city requirements for C-ITS as well as supplier and vehicle manufacturer expectations. The attendance was high: 55 delegates coming from all Europe attended the event. [Read more](#)

1ST CIMEC REGIONAL WORKSHOP - READING

As part of its work to understand the requirements and perspectives of cities, CIMEC is holding a short series of workshops around Europe, hosted by partner cities. The 1st CIMEC city workshop took place in Reading, UK on 13 January. [Read more](#)

2ND CIMEC REGIONAL WORKSHOP - KASSEL

As part of its work to understand the requirements and perspectives of cities, CIMEC is holding a short series of workshops around Europe, hosted by partner cities. The 2nd CIMEC regional workshop took place in Kassel, Germany, on 1-2 February 2016. [Read more](#)

CIMEC CITY SURVEY ON C-ITS/ITS REQUIREMENTS AND EXPERIENCES

More than 50 local authorities have taken part in the CIMEC city survey on the role that ITS/C-ITS is playing or can play in their city. Check [here](#) for the preliminary results and click [here](#) to fill the survey online.

The market perspective on C-ITS

POTENTIAL C-ITS SOLUTIONS AND STANDARDISATION

One of the main objectives of CIMEC is the identification of potential current and future markets for cooperative ITS solutions and standardisation, with a specific benefit for the urban environment. [Read more](#)

CIMEC SUPPLIER SURVEY ON C-ITS/ITS

CIMEC has launched an online supplier survey in order to identify the supplier initiatives, expectations and ambitions for C-ITS solutions in urban areas. Click [here](#) to fill the survey online.

C-ITS news from elsewhere

CODECS PROJECT: LIVELY DISCUSSION OF FUTURE C-ITS USE CASES AT CODECS WORKSHOP IN PRAGUE!

The CODECS team enjoyed a very lively discussion of future V2X communication use cases with more than 20 C-ITS stakeholders at the roadmapping workshop in Prague, Czech Republic. The workshop has been hosted by the Czech Ministry of Transport, and it has been an excellent occasion for the CODECS project to widen its stakeholder community and to debate C-ITS implementation road maps with new dialog partners. [Read more](#)

EC'S C-ITS DEPLOYMENT PLATFORM DELIVERS FINAL REPORT

The EC's C-ITS Deployment Platform has released its report. After 18 months of intense work involving up to 80 different stakeholders in 10 different working groups, the conclusions and recommendations coming from each of these groups are summarised in the report. [Read more](#)
